RE: Water Right Permit No. G2-28813 – **OVERDUE NOTICE**

Dear Mr. Hungerford:

In reviewing your files, I noticed we have not received your Proof of Appropriation form. This letter is to remind you that the development schedule of your water right permit required that water be at beneficial use and the Proof of Appropriation form submitted by **June 1, 2006**.

There are a number of possible steps you may need to take in order to bring your permit back into good standing, depending on the status of your project. Please refer to the following chart:

If this is the case:	You need to do this within thirty (30) days of the date of this letter:
You have put the water to full beneficial use .	Complete and submit the Proof of Appropriation form. The form must be <u>notarized</u> , and include the parcel number for the point of withdrawal/diversion. Please include evidence that shows you have installed an approved measuring device, as well as data that you have collected on this permit.
You need more time to put the water to beneficial use.	1. Submit a written request for an extension (refer to enclosed fact sheet for instructions). 2. Submit extension fee (\$50.00).
You no longer intend to develop your project.	Notify Ecology's Southwest Regional office in writing.
You need more information.	Contact our office at (360) 407-6300.

Failure to respond to this letter within 30 days may result in the cancellation of your permit.

If you have questions, please contact me at (360) 407-6918 or at abro461@ecy.wa.gov. Thank you for your attention to this matter.

Sincerely,

Abby Brown
